PRESIDENT'S MESSAGE 2023

The past year has been a most memorable and fruitful one for the College of Family Physicians Singapore.

We held the World Family Doctor Day in May 2022 to celebrate the achievements and contributions of our doctors, the foundation of healthcare.

In November 2022, we held the College Convocation at The Ritz-Carlton Millenia, Singapore. This was the first face-to-face convocation since 2019, and it was wonderful to see our graduands, trainees, and colleagues gathered to celebrate this happy event. Warm congratulations go out to all of the graduates and award recipients!

In December 2022, we attended the WONCA APR meeting in Bali. It was an excellent opportunity for us to meet with our APR colleagues, and we all look forward to the APR meeting in 2024, which is being organised by the College at the Raffles City Convention Centre.

2023 has been and continues to be a momentous year, in no small part due to the roll out of Healthier SG. A Healthier SG GP Town Hall, which saw an attendance of over 600 GPs, was held in February 2023, where updates and clarifications on the initiative were provided.

In March 2023, the inaugural Singapore Primary Care Conference was held in collaboration with the three polyclinic clusters – National Healthcare Group Polyclinics (NHGP), National University Polyclinics (NUP), and SingHealth Polyclinics (SHP). The event featured local and international experts who shared their expertise on care models of the future, innovation and technology in primary care, and the latest clinical updates on common conditions in the primary care setting. With the help of everyone involved, the event was a resounding success!

Our trained family doctors can be found serving in a wide array of settings, from primary care to community hospitals and general hospitals. Many are in leadership positions in our healthcare system, and all have played and continue to play crucial roles in serving the society and upholding the high standards expected of Family Medicine.

Work of the 28th Council (2021-2023)

The 28th Council will be completing its term this year. Much has been achieved during our two-year tenure; I would like to place on record my innumerable thanks to the Council members for all their hard work these past two years. The report of the work done is presented in this annual report. I hand over to the next President and Council with peace of mind, safe in the knowledge that they will not only continue the good work that the Council has done but also take the College to newer and greater heights.

Throughout the past two years and more, the College and its members have had their fair share of challenges, but we have overcome them through hard work and perseverance. Doubtless there will be more challenges that lie ahead, but I have every confidence that the College members will be well-equipped to tackle these obstacles head-on. The College Council has been at the forefront of many of our national initiatives, fulfilling key roles in keeping our health system running optimally. The College is also strongly supportive of the aforementioned Healthier SG and looks forward to its successful implementation in our healthcare system.

Our Council members and dedicated volunteers continue to provide invaluable Primary Care perspectives in many initiatives and committees. The College is committed to representing the interests of family physicians and GPs. I am proud to have had the privilege and honour to serve in the 28th Council, whose members have worked tirelessly for the College. Our academic faculty have also served selflessly in teaching and mentoring our numerous training programmes. Their commitment and dedication make us very proud indeed.

The 28th Council would also like to express its deepest gratitude to Abbott Laboratories Singapore, AstraZeneca Singapore, and Novo Nordisk Pharma Singapore for their collaboration with, support of, and generous sponsorship of the College.

Membership

The membership of the College as of 31st March 2023 is 2,706. This is a notable increase from 2,617 in 2022, which I am delighted to see. This gives us confidence that Family Medicine will continue to be well represented and promoted in the community.

Twenty new Fellows were admitted in 2022, taking the total of Fellows to 233. We now have 203 Collegiate members, an increase of 11. GDFM holders now stand at 1,702, with 213 candidates passing in 2022. Rest assured the College will continue to train and support our family physicians in their training through our various programmes in Family Medicine.

Assets

The College continues to be in good financial standing. However, as a not-for-profit organisation that does not receive any government funding, prudent financial management is essential in ensuring that the College has the resources to continue its activities, and to advance the practice of Family Medicine.

Courses conducted

Ever since its inception, the College has initiated and constantly developed postgraduate programmes to address the needs of our family doctors. Through education and advocacy, our family physicians have been trained and empowered to provide the best care for our patients.

The GDFM, MMed(FM)College Programme, and Fellowship of the College of Family Physicians Singapore (By Assessment) (FCFPS) continue to do well. The curricula and delivery of these programmes have been constantly reviewed and improved over the years. With the healthcare care system continuing to evolve relentlessly at an ever-increasing rate, the College constantly strives to maintain and raise the standards of our courses, keeping them up-to-date to better meet the needs of our trainees and doctors.

Partnerships

As the three medical professional bodies (PBs) in Singapore – the College, Singapore Medical Association, and Academy of Medicine Singapore – continue to work closely on various projects affecting healthcare in Singapore.

The College has an excellent working relationship with the Ministry of Health (MOH). We work closely with the various divisions of the MOH, such as the Primary and Community Care Division, the Agency for Care Effectiveness, and the Agency for Integrated Care, as well as the Singapore Medical Council, on various projects involving issues pertaining to Family Medicine. The College is privileged to be able to contribute to the national effort, and glad for the enhanced role Primary Care has in the health of our nation.

The very hardworking and efficient Secretariat is to be commended for their service to the College. Their dedication and selflessness have enabled the College to fulfil its role and run its programmes well despite the challenges that have been encountered.

Finally, a word of thanks to all our members for the many contributions they have made to Family Medicine!

Koh Eng Kheng Gold Medal

The Koh Eng Kheng Gold Medal was established under the kind donation of the late Dr Koh Eng Kheng's family. The Medal is awarded to the Best Fellowship Candidate of each academic year.

The recipient of the Koh Eng Kheng Gold Medal for 2022 was Dr Zhu Yujin.

CONTINUING PROFESSIONAL DEVELOPMENT / MEDICAL EDUCATION PROGRAMMES AND COURSES

The College continues to promote Continuing Professional Development (CPD) and Continuing Medical Education (CME) through the following:

- Family Practice Skills Course
- Graduate Diploma in Family Medicine (GDFM)
- MMed (Family Medicine) College Programme
- Collegiate Membership Programme
- Fellowship Programme.

The Institute of Family Medicine (IFM), an organ within the College, plays a significant role in developing the contents and syllabi of these programmes and courses.

During the year the IFM reviewed, updated, and edited the notes as well as their e-learning components for Modules 8, 1, 2, and 3 of the Family Medicine Modular Course to make them more relevant and user-friendly to the course participants.

The Family Medicine Modular Course consists of 8 modules of knowledge acquisition and is a requirement for doctors who are preparing for the Graduate Diploma in Family Medicine (GDFM) Programme and the Master of Medicine (Family Medicine) College Programme. Each year, four modules are covered.

For the year April 2022 - March 2023, there were 178 trainees registered in the GDFM course, 25 trainees in the MMed (FM) College Programme, and 24 trainees in the Fellowship [FCFP(S)] programme.

Family Practice Skills Course (FPSC)

During this financial year, the College conducted 8 Family Practice Skills Courses.

College Programmes

The three College programmes and the FPSCs have reverted to in-person sessions after the pandemic. However, online and hybrid sessions continue to be used where appropriate such as large audience didactic teaching. E-Learning will continue to be a significant part of our programmes such as therapeutic notes, case scenarios, assessment by MCQs, and case reviews.

The College is also taking on more training programmes for GPs with the Healthier SG initiative and compulsory continuing medical education (CME) for ethics. These will also be a combination of in-person and online sessions.

Accreditation of core CME points

The College is represented by Adj A/Prof Tan Tze Lee in the Singapore Medical Council (SMC) CME Co-ordinating Committee. The College works closely with the SMC to ensure that the quality of the CME events is acceptable. It continues to advise SMC on the accreditation of core Family Medicine CME events through its panel of Family Medicine (FM) CME advisors appointed by the College.

GRADUATE DIPLOMA OF FAMILY MEDICINE (GDFM)

The Graduate Diploma in Family Medicine (GDFM) is a vocational training certification for primary care doctors. The aim of this 2-year part-time trainee programme is to train primary care doctors to practise Family Medicine at an enhanced level in order to meet the needs of the child, the adolescent, the adult and the elderly. The course emphasises basic clinical, diagnostic and management skills essential to General Practice.

The programme is planned to accommodate the busy doctor's schedule as modules are conducted outside regular office hours. The course consists of the following:

- 8 modules of Family Medicine Modular Course (FMMC) with each comprising of 4 workshops, 1 tutorial, online case studies, and multiple choice assessments
- 3 Practice Management Courses
- 3 Compulsory Family Practice Skills Course (FPSC) and 1 Elective Family Practice Skills Course (FPSC)

The Graduate Diploma of Family Medicine examination is conducted by Division of Graduate Medical Studies (DGMS), National University of Singapore (NUS).

The examination format for the exams held were as below:

- Part 1 (Applied Knowledge Test): 150 MCQ questions (180 mins)
- Part 2: (Skills Assessment in the Objective Structured Clinical Examination (OSCE) – 10 stations of 13 minutes each, comprising 3 minutes for reading and 10 minutes for consultation (130 minutes)

The DGMS, NUS reviews the examination format on a regular basis.

The GDFM(NUS) is a title or qualification approved by the Singapore Medical Council for display by Registered Medical Practitioners.

The 20th GDFM Examination was held on 27 April 2022 for the written papers and 2 Jul, 3 Jul, and 9 Jul 2022 for the OSCE. A total of 89 of the 213 candidates passed, giving a passing rate of 41.7% for the GDFM Examination 2022.

MASTER OF MEDICINE (FAMILY MEDICINE) [MMed(FM)]

There are currently two programmes to prepare doctors for the MMed(FM) examinations.

Family Medicine Residency Programme

The Family Medicine Residency Programmes run by our respective Regional Health Clusters aim to equip the Family Medicine resident with educational and clinical experiences in accordance with Singapore Specialty Training Standards co-developed by Joint Committee of Specialty Training, Joint Committee of Family Medicine Singapore, and Family Medicine Training Advisory Committee. Residents will undergo clinical rotations in the hospitals and polyclinics, run continuity clinic sessions, and attend didactic teaching sessions that combine foundation teaching and skills workshops.

MMed(FM) College Programme

The programme is a structured training programme designed for mature practising family physicians in Singapore. The programme is jointly organised by the College of Family Physicians Singapore and the DGMS, NUS. This 22-month part-time course provides a comprehensive and structured training programme for doctors working in primary care who have passed the 8 modules of the Family Medicine Modular Course (FMMC) to prepare them to sit for the MMed(FM) examinations.

The course participants from both Programmes sit for the same examination – namely, the MMed(FM) examination conducted by the DGMS, NUS.

This examination consists of:

- Written
 - 250 multiple-choice questions
- Clinical
 - Logbook-based viva assessment
 - Slides-based short answer questions
 - Clinical Skills Assessment Stations

The 32nd Master of Medicine (Family Medicine) Examination was held on 25 June 2022 (Written), 15 and 29 October and 1, 4, and 5 November 2022 (Clinical). Of the 111 candidates who sat for the examination, 65 were successful.

They were:

Family Practice Skills Course (FPSC)

The Family Practice Skills Courses (FPSC) continue to serve the continuing professional development needs of the General Practitioner/Family Physician. Each skills course includes one or more of the following components in which the family physician can choose to participate:

- Distance Learning with verification (6 CME points upon attaining minimum pass grade of 60% in online MCQ Assessment)
- Seminars (2 CME points per seminar)
- Workshops (1 CME point per workshop)
- Small group activities including clinical attachments, tutorials, ward-rounds (for some courses)
- Assessments which can be written, oral, demonstration, and/or clinical (for some courses)

Table 6 shows the number of doctors who participated in the Family Practice Skills Course for the year under review.

REPORT OF THE FINANCE AND GOVERNANCE COMMITTEE 1 APRIL 2022 - 31 MARCH 2023

Chairman	: Dr Wong Tien Hua
Members	: Clin Asst Prof Xu Bang Yu : A/Prof Low Lian Leng : Dr Lim Hui Ling
Ex-Officio	: Adj A/Prof Tan Tze Lee : Dr S Suraj Kumar

Purpose

To provide guidance and oversight on financial and governance activities in the Secretariat and the various committees.

Duties and Responsibilities

- a) To review financial reports from the ED and Secretariat staff.
- b) To review budgets prepared by Secretariat staff and the various committees.
- c) To ensure regular and accurate monitoring and accountability for funds, and report to the Council on any financial irregularities and concerns.
- d) To make financial recommendations to the Council, and to provide feedback on any financial matter specifically designated by the Council.
- e) To oversee short- and long-term investments of the College.
- f) To advise the ED and other appropriate staff on financial priorities and information systems, depending on committee member expertise.

Observations and Decisions by the Committee for the Financial Period under Review

The committee advised the secretariat on the fixed deposit placements in terms of the selection of the tenure and the financial institution. Fixed deposits were placed with:

- Bank of China
- HL Bank

The committee, upon reviewing the Governance Evaluation Checklist of the Charity Portal, refined the current procedures for handling Conflicts of Interest. The framework for Sponsorship of Overseas Travel was also refined. Both these documents were discussed and approved by the Council.

The College Mirror

As Singapore enters into COVID-19 endemicity, our healthcare DORSCON readiness has also entered into green status. Likewise, our family physicians have pivoted towards living with COVID-19 and seeing it as one of many conditions that they must manage in their patients and residents. Looming ahead, Healthier SG is another huge initiative that Singapore and Ministry of Health are embarking on, and family physicians all over Singapore prepare themselves to be ready for more preventive health and chronic disease management.

Our College Mirror publication documented this changing healthcare landscape and needs of our patients and residents, as well as what our family physicians have been doing to prepare for Healthier SG, including getting our Clinic Management Systems (CMS) ready, adopting SmartCMS, which aligns with Healthier SG data submission, as well as many other work processes required, including bringing in white-listed drugs.

We hope that our College Mirror issues have kept our members up-to-date with the latest happenings on these frontiers. As Singapore enters COVID-19 endemicity, let us persevere and push the frontiers, so that family physicians can continue to play a key role in Healthier SG. Rest assured the College Mirror will continue to document our efforts and contributions in this area!

REPORT OF THE ADMINISTRATION AND HUMAN RESOURCES COMMITTEE 1 APRIL 2022 - 31 MARCH 2023

Chairman	: Dr S Suraj Kumar
Members	: Dr Tham Tat Yean : Dr Pang Sze Kang Jonathan : Dr Tan Hsien Yung David
Ex-Officio	: Adj A/Prof Tan Tze Lee : Dr Wong Tien Hua

Purpose of the committee

To provide guidance and oversight on administrative and human resource processes in the Secretariat and the various committees.

Report for the period under review

1. We had three new staff joining our Secretariat team, as replacements for those that resigned during the past year.
2. The medical education programmes and training activities undertaken by the College remain a core function and have continued to grow. The College is taking on more training activities for general practitioners (GPs) especially with the Healthier SG initiative and the continuing medical education (CME) for ethics.
3. To meet the challenges of this increased activity, the organisation of the Secretariat has been revised to better streamline the functions to enhance efficiency.
4. The committee will also be looking into the updating the appraisal and promotion system as the Secretariat continues to expand to meet the increasing demands placed on it.

**ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31 MARCH 2023**

**COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY**

Statement By Management Committee

In our opinion, the accompanying financial statements of the College of Family Physicians Singapore (the "College") and its subsidiary company (collectively the "Group") are properly drawn up in accordance with the provisions of the Societies Act 1966, Charities Act 1994 and other relevant regulations and Financial Reporting Standards in Singapore so as to present fairly, in all material respects, the state of affairs of the Group and the College as at 31 March 2023 and the results, changes in funds of the Group and the College and cash flows of the Group for the financial year ended on that date.

The Management Committee has, on the date of this statement, authorised these financial statements for issue.

On behalf of the Management Committee,

Adj Assoc Prof Tan Tze Lee
President

Clinical Asst Prof Xu Bangyu
Honorary Treasurer

Singapore, 3 July 2023

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the College of Family Physicians Singapore (the "College") and its subsidiary company (collectively the "Group"), which comprise the statements of financial position (balance sheets) of the Group and of the College as at 31 March 2023, the statements of comprehensive income and statements of changes in funds of the Group and of the College, and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position, statement of comprehensive income and statement of changes in funds of the College are properly drawn up in accordance with the provisions of Societies Act 1966 (the "Societies Act"), the Charities Act 1994 and other relevant regulations (the "Charities Act and Regulations"), the Companies Act 1967 (collectively the "Acts") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the College as at 31 March 2023 and of the consolidated financial performance, consolidated changes in funds and consolidated cash flows of the Group, and of the financial performance and changes in funds of the College for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Statement by Management Committee but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Management Committee for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Acts and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Continued

Responsibilities of Management and Management Committee for the Financial Statements (Continued)

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Management Committee's responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE

AND ITS SUBSIDIARY COMPANY

NOTES TO THE FINANCIAL STATEMENTS - 31 March 2023

The following notes form an integral part of the financial statements.

1. GENERAL INFORMATION

The College of Family Physicians Singapore is a College registered in Singapore under the Societies Act 1966. It is also a charity registered under the Charities Act 1994. Its registered office is located at 16 College Road #01-02 College of Medicine Building Singapore 169854.

The principal activity of the College is to provide education services for postgraduate study courses.

The principal activity of the subsidiary company is set out in note 12 to the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements are presented in Singapore dollars (“\$”), which is also the functional currency of the Group.

These financial statements are prepared in accordance with the historical cost convention except as disclosed in the accounting policies below, and comply with Singapore Financial Reporting Standards (“FRSs”), including related Interpretations promulgated by the Accounting Standards Committee.

During the financial year, the Group adopted all the new and amended FRSs which are relevant to the Company and are effective for the current financial year. The adoption of these Standards did not have any material effect on the financial performance or position of the Group.

2.2 Significant Accounting Estimates and Judgements

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Group’s accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an ongoing basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

(A) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Depreciation on Property, Plant and Equipment and Investment Property

The cost of property, plant and equipment and investment property are depreciated on a straight line basis over their estimated useful lives. Management’s estimates of the useful lives of these property, plant and equipment and investment property are disclosed in notes 2.8 and 2.9 respectively. Changes in the expected usage and technological developments could impact the economic useful lives and the residual values of these assets. Therefore, future depreciation charges could be revised. The carrying amount of property, plant and equipment and investment property and the depreciation charge for the year are disclosed in notes 9 and 10 to the financial statements respectively.

AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Significant Accounting Estimates and Judgements (continued)

(A) Key Sources Of Estimation Uncertainty (continued)

(ii) Income Taxes

Significant judgment is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax provision in the period in which such determination is made. There were no significant deferred tax liabilities as at the balance sheet date. The carrying amount of the Group's current tax liabilities as at the balance sheet date is disclosed in the notes to the financial statements.

(iii) Expected Credit Losses On Receivables

Expected Credit Losses ("ECLs") are probability-weighted estimates of credit losses over the life of a financial instrument. In estimating ECLs to determine the probability of default of its debtors, the Group has used historical information, such as past credit loss experience. Where applicable, historical data are adjusted to reflect the effects of current conditions as well as management's assessment of future economic conditions based on observable market information, which involved significant estimates and judgement. Based on management's assessment, there are no ECLs on the Group's receivables at the balance sheet date.

(B) Critical Judgments Made In Applying Accounting Policies

In the process of applying the Group's accounting policies, the management has made certain of critical judgments apart from those involving estimates, which have significant effect on the amounts recognised in the financial statements.

Impairment of Non-Financial Assets

The carrying amounts of the Group's non-financial assets subject to impairment are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount is estimated based on the higher of the value in use and the asset's fair value less cost of disposal. Estimating the value in use requires critical judgment on the part of the management to make an estimate of the expected future cash flows from the continuing use of the assets and also to choose a suitable discount rate in order to calculate the present value of those cash flows.

2.3 FRSs issued but not yet effective

The Group has not applied any new FRS that has been issued but is not yet effective. The management plans to adopt these FRSs in the first financial year commencing on or after their respective effective dates.

The management does not expect the adoption of the new FRSs to have material impact on the financial statements in the period of initial application.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4 Revenue Recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, to which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(i) Course and seminar fees

Income from course and seminar fees (from continuing professional education and training) are recognised when the services are rendered.

(ii) Sponsorships

Income from sponsorships is recognised when received or when it becomes receivable and related performance obligations are fulfilled.

(iii) Subscriptions and entrance fees

Membership subscriptions are recognised as income over the membership term and entrance fees are recognised as income when they are due.

(iv) Advertising income

Advertising income is recognised when advertisements are placed and the related performance obligations are fulfilled.

(v) Rental income

Rental income from operating lease is recognised on a straight line basis over the lease period.

(vi) Interest income

Interest income is recognised in profit or loss on a time-proportion basis, using the effective interest method.

2.5 Government Grants

Government grants are recognised when there is reasonable assurance that the grant will be received and the conditions attached to the grant will be complied with. Grants related to income are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

2.6 Employee Benefits

(i) Defined Contribution Plans

The Group makes contributions to the state provident fund (Central Provident Fund). Such contributions are recognised as compensation expenses in the same period as the employment that gave rise to the contributions.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.6 Employee Benefits (continued)

(ii) Short-term Compensated Absences

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for employee entitlements to annual leave as a result of services rendered by employees up to the balance sheet date.

2.7 Income Taxes

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in profit or loss except to the extent that it relates to items recognised outside profit or loss (either in other comprehensive income or directly to accumulated fund), in which case, it is recognised in other comprehensive income or directly to accumulated fund accordingly.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred income tax is provided, using the balance sheet liability method, on all temporary differences at the balance sheet date arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Currently enacted tax rates are used in the determination of deferred income tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred income tax is provided on all taxable temporary differences arising on investment in subsidiary company except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax is charged or credited to other comprehensive income or directly in accumulated fund if the tax relates to items that are credited or charged, in the same or a different period, to other comprehensive income or directly to accumulated fund.

2.8 Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Any estimated costs of dismantling and removing the property, plant and equipment and reinstating the site to its original condition (reinstatement costs) are capitalised as part of the cost of the property, plant and equipment.

Depreciation is calculated on the straight line basis so as to write off the cost, less the residual value, of the assets over their estimated useful lives. The estimated useful lives are as follows:

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Property, Plant and Equipment (continued)

Furniture, fittings and renovation	3 to 5 years
Computers and office equipment	3 to 5 years
Paintings and potteries	10 years

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The residual values, useful lives and depreciation methods of property, plant and equipment are reviewed and adjusted as appropriate, at each financial year end.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the assets is recognised in profit or loss in the year the asset is derecognised.

2.9 Investment Property

Investment property, which is held on a long term basis for investment potential and for generating rental income is stated at cost less accumulated depreciation and any impairment loss. Depreciation is calculated on the straight line basis so as to write off the cost, less residual value, of the assets over their estimated useful lives. The estimated useful life of the investment property is as follows:

Leasehold property	50 years
--------------------	----------

The residual value, useful life and depreciation method of investment property are reviewed and adjusted as appropriate, at each financial year end.

The cost of major renovations and improvements is capitalised as additions and the carrying amounts of replaced components are written off to profit or loss. The costs of maintenance, repairs and minor improvement are charged to profit or loss when incurred.

Upon the disposal of investment property, the difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss.

2.10 Financial Assets

A. Classification

Financial assets are classified into the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The basis of classification depends on the Group's business model and the contractual cash flow characteristics of the financial assets.

B. At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Receivables that do not have a significant financing component are measured at their transaction price at initial recognition.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial Assets (continued)

C. At subsequent measurement

There are three prescribed subsequent measurement categories - at amortised cost, FVOCI and FVPL, depending on the Group's business model in managing the financial assets and the cash flow characteristics of the assets.

The Group's financial assets, comprising mainly of receivables, and cash and cash equivalents, are measured at amortised cost subsequent to initial recognition, as these represent contractual cash flows which are solely payments of principal and interest. A gain or loss on a financial asset that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets are recognised using the effective interest rate method.

D. Impairment of Financial Assets

The Group assesses on forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost, and recognises a loss allowance accordingly.

At each reporting date, the debt instruments are assessed to determine whether there is significant increase in credit risk on the debt instruments since initial recognition. If there is a significant increase in credit risk since initial recognition, lifetime expected credit losses will be calculated and recognised in the loss allowance. If credit risk on the debt instrument has not increased significantly since initial recognition, the loss allowance is measured based on 12-month expected credit losses. Adjustments to the loss allowance are recognised in profit or loss as an impairment gain or loss

For receivables, the Group applies the simplified approach permitted by FRS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.11 Investment in Subsidiary Company

(i) Subsidiary and Basis of Consolidation

Investment in subsidiary company is held on a long term basis and stated in the Group's balance sheet at cost less impairment loss, if any.

Subsidiary is the entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary is consolidated from the date on which control is transferred to the Group, and continues to be consolidated until the date that such control ceases.

The consolidated financial statements comprise the financial statements of the College and its subsidiary company made up to the balance sheet date. The financial statements of the subsidiary company is prepared for the same reporting date as the College. Consistent accounting policies are applied for like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.11 Investment in Subsidiary Company (continued)

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations by the Group. The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary.

Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the net identifiable assets acquired is recorded as goodwill.

Any excess of the Group's interests in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of business combination is recognised in profit or loss on the date of acquisition.

(iii) Disposals

When a change in the Group ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

2.12 Trade and Other Receivables

Trade and other receivables that do not have a significant financing component are measured at amortised cost using the effective interest method, less any allowance for expected credit losses, as explained in note 2.10 (D).

2.13 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, cash at bank and fixed deposits which are subject to insignificant risks of changes in value. For the purpose of the statement of cash flows, fixed deposits with original maturities more than 3 months are excluded from cash and cash equivalents.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.14 Funds

Accumulated fund is unrestricted fund available for use at the discretion of the Management Committee for the furtherance of the Group's objectives.

Miscellaneous funds are restricted funds which are designated for awards, fellowships, research support and projects of the Group. Currently, the Group has 6 miscellaneous funds, namely, Dr Koh Eng Kheng Award Fund, Primary Care Research Fund, Victor Louis Fernandez Fellowship Fund, Albert & Mary Lim Award Fund, Primary Care Conference Programme Fund and Primary Care Research Network Fund as disclosed in note 17 to the financial statements.

2.15 Financial liabilities

Financial liabilities include other payables and lease liabilities. Financial liabilities are recognised on the balance sheet when the Group becomes a party to the contractual provisions of the financial instrument.

Financial liabilities are recognised initially at fair value, plus, in the case of financial liabilities not at fair value through profit and loss, directly attributable transaction costs.

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method, except for financial liabilities at fair value through profit or loss, including derivatives, which are measured at fair value. Financial liabilities with a short duration are not discounted.

2.16 Impairment of Non-Financial Assets

The carrying amounts of the Group's non-financial assets subject to impairment are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less cost of disposal and its value in use. The value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life.

An impairment loss on a non-revalued asset is recognised in profit or loss. An impairment loss on a revalued asset is recognised in other comprehensive income to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. An impairment loss (except for impairment loss on goodwill) is reversed if there has been a change in the estimates used to determine the recoverable amount or when there is an indication that the impairment loss recognised for the asset no longer exists or decreases. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

2.17 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.17 Leases (continued)

2.17.1 As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

(a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in note 2.16.

(b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are presented in note 19.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.17 Leases (continued)

2.17.1 As lessee (continued)

(c) *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

2.17.2 As lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising from operating leases on the Group's investment property is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.18 Foreign Currency Transactions and Translation

Foreign currency transactions are recorded, on initial recognition, in the functional currency (Singapore dollars) by applying to the foreign currency amounts the rates of exchange prevailing on the transaction dates. Recorded monetary items that are denominated in foreign currencies as at balance sheet date are translated at the rates ruling on that date. Gain or losses on foreign currency translation are included in profit or loss. Non-monetary assets and liabilities that are measured in historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary assets and liabilities measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

2.20 Related Parties

A related party is defined as follows:

- (A) A person or a close member of that person's family is related to the reporting entity if that person:
- (i) Has control or joint control over the reporting entity;
 - (ii) Has significant influence over the reporting entity; or
 - (iii) Is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

2.20 Related Parties (continued)

- (B) An entity is related to the reporting entity if any of the following conditions applies:
- (i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to each other).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the College or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
 - (vi) The entity is controlled or jointly controlled by a person identified in (A).
 - (vii) A person identified in (A)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

Miscellaneous funds, consisting of donations and fund contribution, are intended to be utilised for awards, fellowships, research support and projects of the College.

* A Memorandum of Understanding (the "MOU") was made and entered into between the College and other entities (collectively the "Parties") to set up a fund for organising a series of conferences/events, under a new Primary Care Conference Programme ("PCCP"). Subject to the terms and conditions of the MOU, upon early termination of the MOU, the fund balance may be returned to the Parties. During the financial year, the College made a fund transfer of \$79,093 to the PCCP fund as part of its contribution to the PCCP. Income and expenditure arising from the organisation of PCCP activities during the year amounted to \$529,241 and \$594,714 respectively.

24. FINANCIAL RISK MANAGEMENT

The Group and the College are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks are credit risk, liquidity risk and interest rate risk. The management reviews and agrees on policies for managing each of these risks and they are summarised below:

24.1 Credit risk

Credit risk is the potential risk of financial loss resulting from the failure of customers or other counterparties to settle their financial and contractual obligations to the Group as and when they fall due.

24. FINANCIAL RISK MANAGEMENT (continued)

24.1 Credit risk (continued)

(i) *Risk Management*

The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, including cash and cash equivalents, the Company mitigates credit risks by transacting with high credit rating counter parties and financial institutions which are regulated.

Management regularly monitors credit risk exposure to customers. Cash and cash equivalents are placed with financial institutions which are regulated.

At the balance sheet date, there is no significant concentration of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the balance sheet.

(ii) *Recognition of Expected Credit Losses (ECL)*

The Group's financial assets that are subject to credit losses where the expected credit loss model has been applied are trade receivables. The Group assesses on forward looking basis the expected credit losses on its trade receivables, and recognises a loss allowance in accordance with FRS 109.

Based on the Group's historical collection trend, most receivables are settled within the credit term. Any receivables that are settled after their due dates are not significant, and there is a low risk of default. Receivables are assessed on a collective basis to determine whether there are changes in credit risk. Lifetime expected credit losses are recognised for specific receivables for which credit risk is deemed to have increased significantly.

24.2 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

All financial liabilities of the Group and the College are repayable on demand or will mature within one year except lease liabilities.

The table below summarises the maturity profile of the lease liabilities as at the balance sheet date based on contractual undiscounted payments:

<u>Group and College</u>	<u>Within 1 year</u>	<u>2 to 5 years</u>	<u>Total</u>
	\$	\$	\$

24. FINANCIAL RISK MANAGEMENT (continued)

24.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

The Group does not have any interest-bearing financial liabilities. Its only exposure to changes in interest rates relates to interest-earning fixed deposits. The Group monitors the movements in interest rates to ensure deposits are placed with financial institutions offering optimal rates of return.

The interest rates and terms of maturity of financial assets of the Group are disclosed in note 16 to the financial statements.

25. FUND MANAGEMENT

The primary objective of the Group's fund management policy is to ensure that it maintains strong and healthy capital ratios in order to support its operations and future growth.

The Group targets to maintain an optimum level of accumulated fund. The Group regularly reviews and manages its reserves to ensure optimal capital structure, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected income, projected operating cash flows and projected capital expenditures.

The Group is not subject to externally imposed capital requirements.

There were no changes to the Group's approach to fund management since the previous financial year.

26. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

(a) Fair Value Hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used, as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - valuation techniques using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs)

(b) Fair Value of Non-Financial Assets

The Group does not apply fair value accounting in the measurement of its non-financial assets. However, the fair value of investment property is disclosed in note 10 for compliance with FRS 40 Investment Property.

26. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES (continued)

(c) Fair Value of Financial Instruments

Financial Instruments Not Carried at Fair Value

Cash and cash equivalents, receivables and payables are measured at amortised cost. Financial instruments with a short duration are not discounted.

It is not practicable to determine with sufficient reliability the fair value of the interest-free amount owing by the subsidiary company to the College which is classified as non-current receivable. This amount is not expected to be received within the short term but does not have an agreed specified period of repayment. Accordingly, this amount is carried at original cost.

(d) Transfer between Levels of Fair Value Hierarchy

There were no assets or liabilities transferred between Level 1 and Level 2 or transfers into or out of Level 3. The College's policy is to recognise transfer (if any) between levels of fair value hierarchy at the end of the reporting period during which they occur.

27. FINANCIAL INSTRUMENTS BY CATEGORY

The aggregate carrying amounts of financial instruments classified by category, as specified in FRS 109 are as follows:

	<u>Group</u>		<u>College</u>	
	<u>2023</u>	<u>2022</u>	<u>2023</u>	<u>2022</u>
	\$	\$	\$	\$
Financial assets at amortised cost	17,948,817	16,305,927	22,025,439	20,367,005
Financial liabilities at amortised cost	1,116,396	551,495	1,106,685	497,187

28. AUTHORISATION OF FINANCIAL STATEMENTS

The consolidated financial statements of the Group and the financial statements of the College for the year ended 31 March 2023 were authorised for issue by the Management Committee on 3 July 2023.

HERALDRY OF THE COLLEGE

The upper portion of the badge of the College consists of a golden lion in a passant stance superimposed on the chief, which is red in colour.

The lion represents our nation of Singapore. Red is the colour of blood, which is the precious liquid on which life depends and which is our mission to save.

The lower portion of the badge consists of a green cross superimposed on a white shield. The green cross symbolises the humanitarian mission of our College. White is the colour of purity, which is our aim.

On the green cross is superimposed an open book and a caduceus. The open book represents knowledge and continued learning and the caduceus is the recognised symbol for the art of healing.
